

INTRODUCTION

The board of directors (the "**Board**") of Freehold Royalties Ltd. ("**Freehold**"), is committed to maintaining a high standard of corporate governance. The Board has responsibility for the overall stewardship of Freehold and its controlled entities and discharges its responsibility by reviewing, discussing, and approving Freehold's strategic planning and organizational structure and supervising management, including retention of the Manager, with a view to preserving and enhancing the underlying value of Freehold. Management of the business within this process and structure is the responsibility of the Chief Executive Officer ("**CEO**") and Rife Resources Management Ltd. (the "**Manager**").

Mandate of the Manager

The Manager is responsible for the day-to-day management of the business of Freehold subject to a supervisory role of the Board. In exercising its powers and discharging its duties under the amended and restated management agreement dated November 9, 2015 (the "**Management Agreement**") between the Manager and Freehold, the Manager must exercise the degree of care, diligence and skill that a reasonably prudent advisor and manager in respect of petroleum and natural gas properties in western Canada would exercise in comparable circumstances.

Pursuant to the provisions of the Management Agreement, but subject to the supervision of the Board, the Manager provides certain administrative and support services to Freehold, including those necessary to:

1. ensure compliance by Freehold with continuous disclosure obligations under applicable securities legislation;
2. provide investor relations services;
3. provide or cause to be provided to shareholders all information to which shareholders are entitled under applicable securities laws;
4. call, hold and distribute materials including notices of meetings and information circulars in respect of all necessary meetings of shareholders;
5. determine the amounts available for payment from time to time to shareholders and to arrange for dividend payments to shareholders;
6. determine the timing and terms of future offerings of securities, if any;
7. determine the terms and conditions upon which Freehold may acquire additional royalties; and
8. determine the terms and conditions upon which Freehold may from time to time borrow money.

The Manager recovers its general and administrative costs and a portion of its long term incentive plan costs and retirement benefit costs and receives a quarterly management fee paid in Common Shares.

COMPOSITION OF THE BOARD

The governance agreement dated December 31, 2010 (the "**Governance Agreement**") provides that if the Manager and its affiliates, including the CN Pension Trust Funds, hold 10% or more of the issued and outstanding Common Shares, the Manager has the right to nominate for election two individuals as directors of Freehold. If the Manager and its affiliates hold less than 10% of the issued and outstanding Common Shares the Manager has the right to nominate for election one individual as a director of Freehold. If the individuals nominated by the Manager fail to get elected or if the Manager ceases to hold any Common Shares (in which case the Manager will not have the right to nominate any individuals as directors of Freehold) but continues to act as Manager of Freehold pursuant to the Management Agreement, the Governance Agreement provides the Manager with the right to have an observer present at all meetings of directors of Freehold.

A majority of the directors will be independent. All members of the Board shall have the skills and abilities required to carry out their duties and responsibilities in the most effective manner. The Board shall endeavor to always have the right mix of experience and competencies to discharge its responsibilities.

Director Independence

The Board has determined that an independent director is a director who is not a member of management and who does not have a relationship with Freehold, the Manager or with management that may affect the director's ability to act with a view to the best interests of Freehold, or be perceived to do so. The Board may adopt other categorical standards for determining whether a director is independent and will review the independence of each of the non-management directors annually.

For Audit Committee purposes only, a director is not independent if he or she does not satisfy the Audit Committee independence requirements contained in any applicable securities legislation, or rules of any stock exchange on which Freehold's securities are listed for trading.

Independent directors and their firms will not be retained for consulting without prior approval of the Board.

Selection of Chair

The Chair will be appointed by the Board from among the independent directors. The Chair reports to the Board and to the shareholders. The Board has approved, and will periodically review, a position description for the Chair.

Director Compensation

The Board has determined that the directors should be compensated in a form and amount that is appropriate and which is customary for comparable entities, having regard to such matters as time commitment, responsibility and trends in director compensation. The Board, based upon recommendations of the Governance, Nominating and Compensation Committee (the "**GNC Committee**"), will periodically review the adequacy and form of directors' compensation, including compensation of the Chair and Committee Chairs, to ensure that it is competitive and realistically reflects the responsibilities and risks involved in being a director.

Directors who are employees of the Manager will not receive additional compensation for Board service.

Board Mandate**No. 1**

Term Limits for Directors

The Board has determined that fixed-term limits for directors should not be established. The Board is of the view that such a policy would have the effect of forcing directors off the Board who have developed, over a period of service, increased insight into Freehold and who, therefore, can be expected to provide an increasing contribution to the Board. At the same time, the Board recognizes the value of some turnover in Board membership to provide ongoing input of fresh ideas and views and annually considers changes to the composition of the Board.

Selection of New Director Candidates

Subject to the Articles or By-Laws of Freehold and the Governance Agreement, the selection of directors and procedures to identify possible nominees will be determined after giving consideration to:

1. the competencies and skills which the Board considers necessary for the Board as a whole to possess;
2. the competencies and skills possessed by each current director;
3. the competencies and skills each new nominee will bring to the Board; and
4. the appropriate size of the Board, with a view to facilitating effective decision-making.

Director Qualification Standards

In nominating an individual to become a director, the Board will consider education, business, governmental and civic experience, communication and interpersonal skills, the diversity of the existing Board, and the background of the potential candidate, as well as any other matters which are relevant to the Board's objectives.

This review will take into account the desirability of maintaining a reasonable diversity of personal characteristics such as age, gender, and geographic residence. However, all directors should possess high personal and professional ethics, integrity, and values and be committed to representing the long-term interests of the shareholders. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment, outstanding ability in their individual fields of expertise, and a willingness to devote necessary time to Board matters.

Director Orientation and Education

The Board is committed to ensuring that directors have the requisite skills, knowledge, and understanding to fulfill their duties as directors. The director's resource center contains Board and committee mandates, position descriptions, policies, and other information and is provided to new directors who are expected to review and become familiar with its contents. In addition, management conducts orientation sessions with new directors to review Freehold's business, current issues, and opportunities.

Management provides directors with opportunities to increase their knowledge and understanding of Freehold's business. Pre-reading materials are provided in quarterly Board packages sent to directors in advance of regularly scheduled Board meetings. Briefings on strategic issues are conducted annually and typically include reviews of the competitive environment, Freehold's performance relative to its peers, and any other developments that could materially affect Freehold's business. In addition, the Board is briefed on a regular basis on corporate governance developments and emerging best practices.
